

SAFETY & WELL-BEING
AT YOUR EVENT

INTRODUCTION

All of the Team at Red Bull Racing are looking forward to welcoming you back to MK-7 when we are permitted to do so.

The safety of our Team members and guests is our highest priority and we have made significant operational changes in order to ensure MK-7 is a safe, sanitised, yet comfortable environment given the increased health and safety requirements around COVID-19.

This document outlines our new processes, focussing on the following key areas:

- / Cleaning and sanitisation
- / Venue updates for social distancing measures
- / Staffing
- / Catering
- / Technology

It is important to us that you have complete peace of mind when visiting MK-7 and our Team is on hand to ensure your objectives can be met whilst also conforming to all the appropriate UK Government guidelines.

Please familiarise yourself with this document and let us know if we can provide any additional information on our new operating procedures. We welcome any questions that you may have regarding your event requirements and we look forward to seeing you soon.

CLEANING AND SANITISATION

Enhanced cleaning procedures have been implemented across the site, particularly in communal areas and at key touch points including:

- / A deep clean and sanitisation of all rooms between events
- / Touch point and high traffic/risk areas will be frequently sanitised throughout the day
- / Wall mounted sanitising stations have been installed in high traffic areas and venue entry points
- / Introduction of Citrox Protect on all touch points – a unique 3D, anti-pathogen barrier coating
- / Hand sanitiser will be available throughout the venue and in all catering areas
- / Hand dryers have been replaced with paper towels

VENUE UPDATES FOR SOCIAL DISTANCING MEASURES

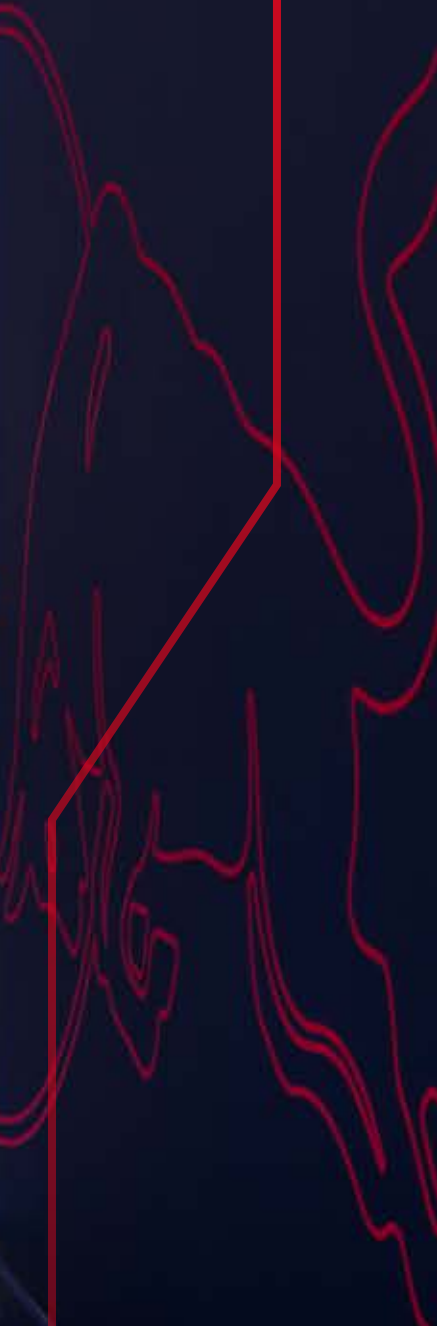

- / Changes made to room layouts
- / Reduced room capacities
- / Plastic screens mounted to reception desks and catering units
- / Guidance signage present throughout the venue including floor markings and traffic flows
- / Additional rooms included free of charge with your booking
- / Venue exclusivity for all events
- / Specific event timings
- / Introduction of minimum set times between events to allow for a deep clean of the venue
- / Complimentary car parking available for all guests

STAFFING

- / Enhanced training provided to all staff on social distancing and hygiene measures
- / Personal Protective Equipment (PPE) available for catering personnel in line with health and safety regulations
- / Shift rotations to reduce unnecessary exposure
- / Pre-event temperature checks for all staff
- / Additional staff to provide delegates with safe guidance around the venue and to ensure social distancing measures are adhered to

**"THIS IS WHERE RACING DREAMS
BECOME REALITY. THE PATH TO EVERY
POLE POSITION, PODIUM FINISH, RACE
VICTORY AND CHAMPIONSHIP BEGINS
INSIDE THESE DOORS."**

CATERING

- / Self-service Red Bull, bottled water and Rauch juices available
- / Newly revised menus created by our head chef that focus on the finest ingredients and are individually portioned for each guest
- / All cutlery and condiments will be individually wrapped where possible
- / Sustainable packaging used where reusable crockery and cutlery is not viable
- / Additional menu displays to minimise guests congregating
- / Enhanced cleaning and use of additional PPE in our kitchens until further notice, in compliance with the European Safety Bureau and Environmental Health guidelines, as we continue to operate with our 5-star food hygiene rating

TECHNOLOGY

- / Multiple rooms with video conferencing solutions available, included with every booking
- / 1GB internet connection with WiFi capacity for all your guests
- / Complimentary Audio-Visual equipment in every meeting room, including a 42-screen video wall in the main space, ideal for broadcasting presenters
- / Our in-house AV team are on hand to help you find solutions to support hybrid events
